ABOUT Sangam University

In the midst of rivers like Banas, Kothari, Khari, Menali, Berach, and Mansi lies a small city named 'Bhilwara' which is known as the 'Textile Hub', where several small scale and large-scale industries are situated. SANGAM UNIVERSITY is a feather in the cap of Rajasthan State. The word "SANGAM" means getting together and togetherness is a synonym for unity. To uphold this unity, Sangam University has been established by Badrilal Soni Charitable Trust and Promoted by the Sangam Group of Industries with a mission to make world-class higher education affordable and accessible to all the sections of the society. The vision of the university is to become a center of excellence for the holistic development and global education of the students by cultivating and nurturing young minds into global leaders of the future. University tries to provide a professional environment along with the moral and human values to the students. We are committed to offering an educational milieu which is in sync with the needs of ever evolving global market.

Sangam University, Bhilwara is established by an Act passed by Rajasthan Legislation Assembly vide Act No. 14 of 2012 dated 02/05/2012. The University is permitted to offer various courses in the disciplines of Engineering & Technology, Management Studies, Legal Studies, Pharmacy, Nursing, Applied Sciences, Food Processing, Agricultural Sciences, Media & Mass Communication, Tourism and Hospitality Management, Architecture, etc. SANGAM UNIVERSITY is NAAC accredited and UGC approved institution of higher learning.

Our Vision

"To contribute to India and the Society through excellence in quality education with management, humanities, scientific & technical development and research; to serve as a valuable resource in industry and societal front; and to be a source of inspiration for all Indians".

Our Mission

- To generate new knowledge and concept by applying cutting-edge research and to promote academic ambience by offering state-of-the-art undergraduate, postgraduate and research programs.
- To identify the perception of Indian and regional needs, areas of specialization upon which the institute can concentrate and prove meaningful worth.
- To undertake collaborative assignments and projects which offer opportunities for long-term interaction with academia and industry.
- To develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

Chairman

Shri R.P. Soni

Sangam University is opening new possibilities of opportunities by bringing learning and practical industry interface together and establishing a network of experts and academicians. Sangam University has been established to create a path breaking change in the educational facilities in the district of Bhilwara.

It has now taken a long stride and has been able to benefit the students in this region, facilitating various activities in the domains of learning, through the specialized schools and a strong teaching methodology. This particular University is fulfilling its motive of supporting the underprivileged section of society, as it provides quality higher education to the students of the district and the surrounding areas. I congratulate the entire team for a newsletter which illuminates us.

Member BOM

Dr. S.N. Modani

This newsletter is a positive expression of the endeavours undertaken by Sangam University. Within a time span of a few years, the university and its activities are noticeable as it is evident from this illustrated newsletter. The university has been making a mark of its own for some years now and as an institution, the university aims to expand its outreach across states and cultures of our country. We already have a pool of students from many Indian states and our university is catering quality higher education to them with a fulfilling vision. I wish all the best to the university leadership and the editorial team for taking up a publication task to create a message for the wider audience and education fraternity.

Member BOM

Shri Anurag Soni

I am glad that the vision of Sangam University has gained a strong momentum over the years and the university has proved its excellence on various fronts of research, social commitment, environmental conservation through clean and green energy and quality learning. The University is catering to the various sections of society together with the perception of developing its impeccable standards of Higher Education. It is heartening to see that the publication activity of the university also gets an impetus through this newsletter, I wish all the best for this publication.

President

Prof. (Dr.) Karunesh Saxena

I express my deep sense of satisfaction as I go through the content of the newsletter. This publication highlights the quantum of activities diligently pursued by the University and its various departments and their assimilation into the pedagogical setup of the university. This newsletter aims at mass outreach and public interaction through the dynamic reverberations consistently creating an oeuvre of news from the campus of SANGAM UNIVERSITY. A newsletter is a tableau of the rich developments, and as a media a vehicle of mass consciousness. Since SANGAM UNIVERSITY is a growing community of faculty, administrative staff and students, a community like us would certainly relish and recreate itself through this medium of expression. I wish all the best for the same. My heartiest congratulations for this publication.

Registrar

Prof. (Dr.) Rajeev Mehta

One of the publications of the University – Pratibimb has been a popular read amongst our students and the related community. Currently, the University in the educational scenario is making a great impact. This impact seems to be growing with the tenacious efforts undertaken by the entire University team. It was realised that the publication of this newsletter is the need of the hour as a platform for expression of our activities. I strongly believe that this newsletter will galvanize the educational community of the university. Wishing best of luck for this endeavor.

Editorial Committee

We hope that the newsletter will be an all encompassing instrument of the knowledge driven activities of the university. I wish all the best to the editorial team as it took up the task of publishing and reviving the newsletter of the university. The team has worked towards creating a medium of assertion, positively creating a message of the robust activities which the Institution is taking up regularly, together with an ever growing and developing pool of ideas. Such emergent ideas form the knowledge capital of our institution. I express a sense of positivity and gratitude that this issue of the Sangam University Herald is in our hands now. Best wishes to the entire university team, as the commitment of the entire university personnel is reflected in this publication.
