MESSAGE FROM CHAIRPERSON

Firstly, I would like to communicate my appreciation for the belief that you have shown in Sangam University. I have always believed that excellence in education can make a difference in one's life. We believe in cultivating unique strengths of each individual student. Our sincere efforts will channelize to create technocrats and top-level managers of tomorrow's world.

Students today are competing in a rapidly changing world. Simply covering the curriculum will not help. At Sangam

University, we combine up to the minutest knowledge with relevant real Industry Experience and we continuously search for new and better ways to deliver content material. We are justifiably proud of our ability to provide student with a challenging, nurturing and spirited environment. Our dreams have been woven with rewarding career of our students. We strive to accomplish this by supporting them in their efforts through contemporary academic programmes, practices, qualified faculties and an efficient administration.

R.P. Soni Chairperson, Sangam University

MESSAGE FROM PRESIDENT

"If vision is clear, actions are right then the future is bright..."

Sangam University aims to accomplish the task of creation of future by facilitating the confluence of not only intellectual and cultural values but also ethical values resulting in the development of leaders who know the way, go the way and show the way from diverse disciplines in various walks of life.

Sangam University, Bhilwara is committed to implement

NEP2020 both in its letters and spirits, in this connection university has signed many MOU's with national sector councils for imparting practical training to our students. The curriculum of university is compliant with industry 4.0 norms. The university has established an amiable research culture to promote path breaking research in the disciplines of science, engineering, management, agriculture etc. The talented faculty members of the university are striving hard to build intellectual capital of the university.

For the students of Sangam, the words Dream, Perform and Achieve will represent much more than a slogan. Sangam will bring the unique transformational experience to the enrolled students resulting in them as alumni with a lifelong bond with their *alma mater*. Working together with passion, we can propel Sangam University to conquer many peaks of glory in coming times, which include not only being one among the top ranking in India today but also in the global arena.

It gives me immense pleasure to present the annual report of the university which departs our growth in the year that has gone by.

Prof. (Dr.) Karunesh Saxena President, Sangam University

MESSAGE FROM PRO PRESIDENT

Sangam University is a confluence where Aspiration meets Opportunity. The University is on the path of academic excellence and holistic development of students through a strong research-based interface with academic bodies, industry, and government. Sangam University aims to address the challenges of vertical mobility, social acceptability, long-term sustainability, industry expectations, and quality training and research by offering Certificate, Diploma, and Degree Programs in line with

the industry requirements, to varied sections of our society. Our programs have been meticulously designed to meet the evolving needs of the modern workforce, equipping our students with the skills and knowledge required to thrive in an ever-changing global landscape.

One of our core values is accessibility, and we take immense pride in offering flexible learning options to cater to the diverse needs of our students. Furthermore, we understand the importance of fostering a supportive and inclusive community. Our faculty members are renowned experts in their respective fields, and they are passionate about guiding and mentoring students on their educational journey. Our staff is dedicated to providing unparalleled support, ensuring that the students have all the resources and assistance they need to excel academically and personally. In addition to this, in the spirit of continuous improvement, we are constantly refining our curriculum and expanding our offerings to reflect emerging trends and emerging fields of study.

We look forward to achieving our vision through dedicated faculty-student synergy and establishing Sangam University as a "Centre of Learning and Excellence". In alignment with the New Education Policy 2020 (NEP-2020), Sangam University aspires to cater to multi-disciplinary programs with a focus on integrating skills, health, wellness, and ethical grounding with day-to-day academics.

In the new era of "Sushikshit - Sashakth - Saksham Bharat" Sangam University has initiated its efforts to develop Vision 2035.

Prof. (Dr.) Manas Ranjan Panigrahi Pro President, Sangam University

QUALITY POLICY

We, at Sangam University Bhilwara, are committed to imparting Quality Education and skill sets with ethics and developing the students as excellent professionals and responsible citizens to promote Industrial progress and societal transformation.

We implement Quality Systems to achieve continuous improvement and become a World Class Institution.

THE JOURNEY OF SANGAM UNIVERSITY, BHILWARA

Sangam University, Bhilwara is established by an Act passed by Rajasthan Legislation Assembly vide Act No. 14 of 2012 dated 02/05/2012. The University is permitted to offer various courses in the discipline of Engineering & Technology, Management Studies, Leal Studies, Pharmacy, Nursing, Applied Sciences, Food Processing, Agricultural Sciences, Media & Mass Communication, Tourism and Hospitality Management, Architecture etc.

In the midst of rivers like Banas, Kothari, Khari, Menali, Berach, and Mansi lies a small city named 'Bhilwara' which is known as the 'Textile Hub', where several small scale and large-scale industries are settled down. In this textile city, there's a feather in the cap 'Sangam'. The word "SANGAM" means getting together and togetherness substitute's unity. To uphold this unity Sangam University has been established by BadrilalSoni Charitable Trust and Promoted by Sangam Group of Industries with the mission to make world-class higher education affordable and assessable to all sections of society. The vision of university is to become center of excellence for the holistic development and global education of the students by cultivating and nurturing young minds into global leaders of the future. University tries to provide a professional environment along with the moral and human values to the students. We are committed to offeringan educational milieu which is tuned to the needs of global markets.

The university finds its roots in Institute of Technology and Management – ITM Bhilwara which was established in the year 2003 under the aegis of Badrilal Soni Charitable Trust and supported by Sangam Group of Industries a name to reckon with in Textiles and diversified into steel, infrastructure and power sectors with an annual turnover of Rs. 5000 Crores. Propelled by the motto "Where Aspiration Meets Opportunity", Sangam University strongly believes in the mission of generating Tomorrow's Leaders Today by an educational process with a vision to take up challenges across the globe.

Throughout years, efforts are on to strengthen the academic core of various programs as well as deepening the feel-good factor which not only supports and complements the academic program but also provides personal growth and development.

Sangam University supports the students coming from rural background and ethnic minorities. Our intake statistics and steady application clearly show that we are doing enough to encourage students from economically weaker and underprivileged sections of the society to apply for a place in the

university. We want talented minority students, who are deprived of standard education to come to achieve their dreams at Sangam University. As a responsible institution we feel strongly that we need to sustain and expand access across the socio-economic spectrum. This is a critical part of our commitment ensuring that financial contraries do not prevent qualified students from getting university education.

Sangam University maintained a steady momentum with community connect initiatives through Career counseling for various school students, Swacch Bharat Abhiyan, Digital India Computer Awareness Quiz for School children, Vivekananda Kendra Quiz, Team India ICC World Cup Cheer Campaign, joining hands with HDFC bank for blood donation, joining hands with Lions Club for eye donation etc. Sangam University hosted Leadership in Education sessions for Rajasthan Govt. School Principals and Improving Effectiveness in Teaching for Rajasthan Govt. School Science Teachers. Under the Alumni Alma mater connect a passion quotient annual meet was organized and throughout the year a steady stream of alumni visited the campus.

INFRASTRUCTURE FACILITIES

Sangam University has set the standards in academic and Technical education and has become a benchmark institution in its category in the country. Towards this the University has taken every required step to develop the finest infrastructure, ranging from state-of-art classrooms, laboratories, libraries, sports facilities, gymnasium, transport facilities, hostels and residential quarters.

At present, the University has more than 48 laboratories of various streams i.e. Civil, Mechanical, Electronics, Electrical, Computer, Communication lab, Agriculture, Basic & Applied Sciences, Vocational Studies labs etc. All laboratories are fully equipped with latest international standard machines and tools.

The University provides additional facilities to students with Playground, Seminar Hall and multimedia facilities.

Two fully equipped **SmartClasses** 30 Projectors in class rooms are operational in the University in which images can be displayed on the screen in bright environment. Besides, the screen is semi-transparent by which the impact on spacing sensibility is lesser. Hostels

Sangam University offers a comfortable and wonderful residential facility to the students. There are separate hostels for girls and boys, carefully designed and planned with 24/7 security. Students can choose from single, double and triple occupancy rooms. Itincludes three nutritiously balanced vegetarian meals (breakfast, lunch, dinner) with hi-tea in the evening.

Hostels are well equipped with modern kitchens serving vegetarian food. Our campus life brings you great experience in making friends and undertaking social responsibilities together.

The students find home away from home, where they can be safe, comfortable and spend some of their most memorable years. Along with a great academic ambience, also a lifestyle gives you some friendships to cherish over a lifetime!

Girls' Hostel

Boys' Hostel

Students will get all daily amenities in close proximity. The right blend between fun and discipline, bonds of a lifetime start from here. They can create unforgettable memories while learning and taking part in different activities together.

Sports Complex

Sports play an important role to enhance culture, visibility and brand recognition of a university, both inside the campus and outside the university gates. At Sangam University, the sports club brings students together, fostering a great team spirit. The sports club is an apt reflection of our identity as one of the best universities in Rajasthan. Students participate in inter collegiate, inter university and state level tournaments enthusiastically. Other than this, the hostel has a gymnasium that has treadmills and latest body building equipment so that students can stay fit and healthy.

The University has generous facilities for sports enthusiasts as well. Outdoor sports facilities are available for games like Volleyball, Cricket, Football, Athletics, Tennis, Jogging Track etc. Facilities for indoor games like Badminton, Table Tennis, Chess etc. have also been provided to students and faculty members.

The students and faculty members are also encouraged to participate in yoga and meditation classes for their physical and spiritual enrichment.

Abstract: Catharanthus roseus (L.) G. Don is an important medicinal plant through the tropical region. The present work focuses on multiple solvent extraction method for extraction of Serpentine and Ajmalicine. The purified bioactive compounds from Catharanthus roseus plant leaves have been evaluated for antimicrobial activity. Increasing polarity based separation is used for compound separation of bioactive compounds in column chromatography and identification has been done through spectroscopic analysis. The purified compounds were further taken for antibacterial assay. The maximum Zone of Inhibition was evoluted by ajmalicine against Enterococcus which was 1.7 cm and minimum (0.35 cm) was by serpentine against Escherichia coli. Multiple extraction method is better approach for ajmalicine and serpentine separation using TLC and column chromatography which can be used as a potential drug against pathogenic bacteria.

Introduction

The plants are natural source of secondary metabolites which possess therapeutic importance to animals and can be separated and identified using methods as well as solvents for extraction (Kabesh *et al.*, 2015). In spite of ever increasing advancement in the field of medicine and molecular diagnosis, it is estimated that world's

80% population depends on plant derivatives pharmaceuticals (Cragg and Newman, 2005).

Ajmalicine and serpentine has been found to have broad application in treatment of circulatory diseases (Barik et al., 2016). Ajmalicine and serpentine has been found to occur in 20 species of the genus Rauwolfia, 4 of Catharanthus (Zenk et

संगम युनिवर्सिटी के स्कूल ऑफ बेसिक साइंस के डिपार्टमेंट ऑफ फिजिक्स द्वारा वायु पद्षण और प्रकृति आधारित समाधानों द्वारा इसका शमन पर ऑनलाइन एक्सपर्ट इंटरेक्शन कार्यक्रम का आयोजन किया गया । कोऑर्डिनेटर डॉ. अभिषेक सक्सेना द्वारा मुख्य वक्ता का परिचय दिया गया द्य क्लपति प्रोफेसर

करूनेश सक्सेना द्वारा बताया गया कि वायु प्रदुषण व्यक्तिगत समस्या न होकर एक वैश्विक समस्या होती जा रही है द्य प्रो वीसी प्रोफेसर मानस रंजन पाणिग्रही ने बताया कि वायु प्रदूषण पर छोटे शहरों पर भी अनुसंधान की बहुत आवश्यकता है जो अभी भी अछूता है। डीन प्रोफेसर डॉ प्रीती मेहता द्वारा बताया गया की इस तरह की संगोष्ठी बीएससी ,एमएससी और अनुसंधान के विद्यार्थियों के लिए काफी उपयोगी रहेगी द्यकार्यक्रम की मुख्य वक्ता असिस्टेंट प्रोफेसर डॉ. अभिषेक कुमार मिश्रा रहे जिन्होंने एमएससी और बीएससी छात्र छात्राओं को वायु पदषण के महे की गंभीरता एवं वाय पदषण की

व्याख्यान में वायु प्रदूषण, प्रभावों और शमन उत्सर्जन, निर्माण गतिविधियाँ, घरेलू गतिविधियाँ, समाधानों के सामान्य अवलोकन पर चर्चा की। नाइट्रोजन के ऑक्साइड, सल्फर के ऑक्साइड, कार्बन के ऑक्साइड, वाष्पशील कार्बनिक यौगिक, पार्टिकुलेट मैटर और ट्रोपोस्फेरिक ओजोन जैसे प्रमुख वायु प्रदूषक हैं जो वायु गुणवत्ता को खराब करने के लिए जिम्मेदार हैं। ये वायु प्रदूषक प्राकृतिक और मानवजनित स्रोतों से निकलते हैं। प्राकृतिक स्रोत ज्वालामुखी विस्फोट, समुद्री स्प्रे, जंगल की आग, बिजली

कृषि गतिविधियाँ और खनन कार्य हो सकते हैं। मानव स्वास्थ्य के संबंध में, सबसे हानिकारक वाय प्रदूषक कण पदार्थ और हाइड्रोकार्बन हैं और वनस्पति के लिए, सबसे हानिकारक क्षोभमंडल ओजोन है, जो एक द्वितीयक वाय प्रदूषक है। संगोष्ठी के अंत में कार्यक्रम के संचालक डॉ अभिषेक सक्सेना द्वारा धन्यवाद ज्ञापित किया गया संगोष्ठी का संचालक विक्रम सिंह भाटी और एम एसी की छात्रा तनीषा भारद्वाज द्वारा किया

(57) Abstract:

The present invention relates to a composition (100) of green-synthesized silver nanoparticles (102) for removing contaminants from industrial wastewater. The composition (100) comprises plant extract (104) and silver nitrate solution (106). The method (200) involves collecting, cleaning, and drying Aegle narmetops plant leaves (108), followed by grinding them into coarse prowder. This powder is then mixed with channol (110) to create plant extract (104). After filtering the extract (104) to remove impurities, it's beased to yield a concentrated crude plant extract (104). The restract (104). The restract plant extract (104) is a silver initrate solution (106) while stirring until a color change is evident. Centrifugation is then used to form green-synthesized silver annoparticles (102). These formed green synthesized silver annoparticles (102) are further tested with industrial effluent to evaluate their performance, with subsequent analysis to determine accuracy and efficiency in removing contaminants from wastewater.

(57) Abstract:
The present invertion relates to a method of production of hydrogen gas (100) from prosopis judifices plant (102) using dilute nitric said (106). The method involves collecting, cleaning, and dying leaves (108) and stem (110) of prosopis judifices plant (102) to remove impurities, followed by grinding diried leaves (108) and stem (110) into coarse provider. Extracting chlorophyll from dried leaves (108) and stem (110) of prosopis judifier aplant (102) using ethanol (104) as solvent that involves preparing a solution by dissolving grinded provider into ethanol (104). Then, heating prepared solution to evaporate solvent, and extract is left behind, elthocophyll. The method further includes reacting loadine eldhorophyll with a concentrated solution of dilute nitric acid to produce hydrogen gas (100). Finally, producing, hydrogen gas (100) as a main product, and nitric acid (106) is reused for production of hydrogen gas (100).
